Why Geisinger Health Plan?
We give you more.

We know healthcare reform has changed the way you purchase health insurance. What hasn’t changed is our dedication to helping you find the perfect plan to fit your needs and budget. Our specially-trained staff is here to answer your questions.

Our Geisinger Marketplace plans include HMO, PPO and catastrophic options. With our HMO plans, you select a primary care physician (PCP) to help manage your health and wellness, and you must use in-network providers. With Geisinger Health Plan's large provider network, it's likely the doctors you already know and trust are in our network. With our PPO plan*—although not available on HealthCare.gov—you have the flexibility to see providers in and out of our network.

Our Value plan is a catastrophic option that provides the most basic coverage, and it is only available to people under age 30. With this plan, you can see healthcare providers in or out of our network. Services received outside our network will cost more.

Plan benefits are listed on page 4. Some individuals and families may qualify for financial help. See page 3 for additional details.

*The Geisinger Marketplace PPO plan is not available on HealthCare.gov. Financial help is not available to members with this plan.

Financial help: do I qualify?

Depending on your income, you may be eligible for financial help for health insurance. Individuals or families with an income under 400% of the federal poverty level (FPL) are eligible. If you do not qualify for Marketplace financial help, you may have other options. Pennsylvania’s Medical Assistance program has expanded, which means more financial help is available to more people. Eligibility is based on your 2016 household income and family size. The charts below highlight the income levels at which Medical Assistance coverage and Marketplace financial help is granted. Visit HealthCare.gov or call 800-318-2596 to see if you qualify.

What does it mean?

Our plan names have three distinct numbers. To make shopping easier for you, we outlined what those numbers mean in the example below.

**Example:**
Geisinger Marketplace HMO 20/40/3000

**The first number (20) is your PCP copayment.** A copayment is a fixed amount you pay for a covered healthcare service, usually when you receive the service. The amount can vary. In the example above, you would pay $20 each time you visit your PCP.

**The second number (40) is your SCP copayment.** This means each time you visit a specialty care provider (SCP), you would pay $40.

**The third number (3000) is your deductible amount.** This is the amount you pay for healthcare services before your insurance pays for its portion. In the example above, your deductible amount is $3,000. This means you would have to pay $3,000 for healthcare services before GHP pays for its portion.

Quick tips

**Maximum out-of-pocket**
The maximum out-of-pocket amount includes all member cost sharing, such as deductibles, coinsurance and copays, for all covered services within a policy period. Once your maximum out-of-pocket costs are met, your insurance plan will pay 100% of costs for covered services.

**Coinsurance**
Coinsurance is your share of the costs of a covered healthcare service, calculated as a percent of the allowed amount for the service. You pay coinsurance plus any deductibles you owe. Your insurance plan pays for the rest of the allowed amount.
For 2017, we’re offering Gold and Silver plans, as well as a Value plan. With Gold plans, you’ll generally pay more in monthly premiums and less out of pocket for medical care. With Silver plans, you’ll generally pay less for monthly premiums and more out of pocket for medical care. Our Value plan is only available to people under the age of 30.
